Selectmen's Meeting

GRANGE HALL USE?

PUBLIC FORUM TO DECIDE

Mrs. Barbara Spalding, who was instrumental in the successful effort to have the Mattapoisett Grange Hall placed on the National Register of Historic Places, and Mrs. Beatrice Johnson, Mrs. Priscilla Hathaway, Robert Humphrey, Mrs. Mary Jean Blasdale, Mr. and Mrs. Winfield Jenney appeared before the Selectmen to ask the status of the proposed committee to decide a use for the building. Mrs. Spalding said that there is wide interest and concern about the future of the Grange Hall and she wondered if a public hearing could be held on the subject.

Selectman James Huntoon replied that the hall is in bad repair and that no federal or state funds are available for the seeking. He said that, however, the town is allowed to receive gifts as a memorial to soldiers and sailors in the form of a charitable trust to repair and renovate the building. Huntoon said that at present there is a group working with Police Chief James Moran to investigate the feasibility of conversion to a police station and still preserve the historic motif of the structure. He said that the Selectmen would not allow anything to be done that would not be historically suitable. He said that the Selectmen's concern is that, "we

have a building there in bad shape and it is not appropriate to go to town meeting and ask for money for the Grange Hall when the Town Hall is in need of repair."

Mrs. Priscilla Hathaway, chairman of the Mattapoisett Historical Commission, stated that people in town are upset with the disgraceful condition of the Grange. She said that the building could be sold with historic restrictions to private interests who could keep it in repair. She told Mr. Huntoon that under their charter the Mattapoisett Historic Commission is already allowed to receive gifts for restoration purposes if such a course is contemplated.

Mrs. Beatrice Johnson asked the Selectmen, "What happened to the committee (that was to be comprised of various town organizations) to decide the best possible use of the building?" Chairman William Hubbard said he was not sure what had transpired concerning that plan but that it could be looked up in the minutes of the Selectmen's meetings.

Mrs. Hathaway replied that she considered that the cart was before the horse. She said that the Historic Commission had inquired about the Grange Hall last year and was told by Executive Secretary Stephen Lombard that something was in litigation and when settled he would get back to Mrs. Hathaway but he did not. She said that she was not sure that a building could be renovated into a town building and still remain on the National Register of historic buildings.

Mrs. Spalding inquired about the reported plan of the police department to build a 2-car garage on the site. She asked if that could be accomplished. Chairman Hubbard stated that it would not be possible without a variance from the Board of Appeals but he considered it doubtful.

Mr. Huntoon said that he would like to solicit the support of the group to use the Grange Hall as a police station. He said that could be accomplished through private solicitation at a cost estimated by the police at between $100,000.00 and $140,000.00. He said that the building would have to meet the state building code standards, the local zoning code and the national register restrictions. Mr. Hubbard said that the Selectmen have not seen

OPEN FOR ALL TO ENJOY

The Men's Fellowship of St. Gabriel's Episcopal Church in Marion will host Dr. Charles "Stormy" Mayo at a dessert and coffee on Sunday, January 17th, at 7 p.m. in the Parish Hall.

Dr. Mayo is Director of the Cetacean Research Program of the Provincetown Center for Coastal Studies. He is a graduate of Dartmouth College and received his Masters & Doctors' degrees from the School of Atmospheric Sciences of the University of Miami. He is also currently chief naturalist for the "Dolphin Fleet" out of Provincetown.

During the past five years he has concentrated his research on whales in the Atlantic waters a few miles off Race Point, and at this time is the foremost authority on whale activity off the Northeast coast of the United States. He has had some extraordinary close experiences which he will

Letter to the Editor

I am concerned about what appears to be a campaign designed to make the citizens of the United States believe that their best interests will be served by aiding the Polish economy and encouraging Poles to return to normality thus allowing Poland to pay off some of its debt to western banks.

While peace is a desirable state to maintain, in the context of an eastern European nation several points should be kept in mind. The first is that while Communism (the Soviet brand in particular) fails to provide a decent standard of living for its people, all the Warsaw Pact nations spend large percentages of their G.N.P. on armed forces and weapons. To say they are forced to do

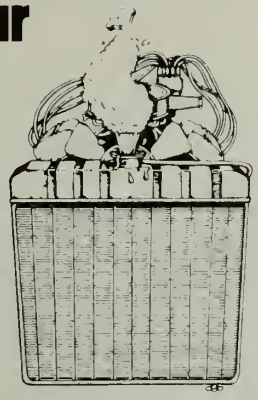
IS YOUR CAR WARM ENOUGH?

A dirty cooling system can make your engine run hot



When dirt, rust and sludge deposits clog the tiny passages in your heater core, you're in for a long, uncomfortable winter behind the wheel.

That's because these blockages prevent your cooling system from circulating hot coolant from the engine through your heater to warm the inside of your car

But you really don't have to freeze this winter. Because now there's a method of cleaning out your car's entire cooling system, including the heater core. With WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system, while helping to maximize cooling system efficiency.

...and your heater run cold.

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush even those hard-to-reach areas of your cooling system.

So act now, before a dirty cooling system can cause your heater—and your blood—to run cold

this by a combination of circumstances, history and Russian pressure is irrelevant to the point in question which is that such expenditure makes them stronger allies of an empire whose driving ambition is to become (some say continue to be) militarily superior to the West. The second point to remember is that the Polish leadership (who are to blame for the Polish economic mess) share with other communist believers the idea that capitalism, while bound to collapse of its own accord, might need a little military help to do so. How ironic that the West, a system party members wish to destroy, is supplying food (private) and credit (government encouraged) to a nation that cannot feed itself yet maintains an army of fourteen divisions essentially for use in support of a Soviet offensive aimed at destroying European democracy.

While everyone must sympathize with the Polish people, I cannot believe that the West should even indirectly support part of an alliance put together by the Soviet Union to subdue free European nations; nor should we shore up a political system so lacking in support that it is maintained by tanks in the streets and Russian armies on the borders.

Congregational Couples Club

The Mattapoisett Congregational Church Couples Club will hold a Crazy Whist at their regular monthly meeting on January 16. The program will begin at 7:30 p.m. with a potluck dessert and coffee. Each couple is asked to bring a dessert for four. A short business meeting will precede the Whist and prizes will be awarded to the winners. For more information please contact Ken and Olive Stickney at 758-2146.

Lions Club

Malcolm Shurtleff of Commonwealth Electric will discuss nuclear power with a slide presentation at the meeting of the Mattapoisett Lions' Club this Wednesday, January 13th. A question and answer period will follow Mr. Shurtleff's talk. Cocktails will be at 6 followed by dinner at 7:00 at Gaetano's Restaurant.

Lions Club Community Calendars

Greg Richardson, this year's chairman of the Mattapoisett Lions' Club Community Birthday Calendar, has announced Sunday, January 17, as the kick-off day for the popular annual project.

The Calendar is a friendly way to announce the birthdays and anniversaries of loved ones and acquaintances. In addition, many organizations list their meeting dates.

Richardson is confident the Lions will top last year's results of nearly 800 calendars and 1500 listings.

As much of the proceeds are spent back in the community on projects such as the recently begun athletic field, buying a Calen-

CADETTE SENIOR TROOP 49-MATTAPOISETT

On Sunday, December 13, Troop 49 had a Christmas party for all Mattapoisett and Rochester Girl Scouts. The party was held at the Mattapoisett Congregational Church Hall.

Troop 49 girls performed a skit - "A Charlie Brown Christmas"; and taught new games -- "People to People" and "E.S.P.".

All leaders from the two towns received a poinsettia plant as a gift. Then, Christmas gifts were exchanged among the girls.

Mattapoisett Woman's Club

JANUARY PROGRAM

In June of last year St. Luke's Hospital began a Hospice program. In order to acquaint people with the hospice concept, the Mattapoisett Woman's Club has asked Dr. Peter Beisheim to be the speaker at our January 21st meeting. Dr. Beisheim is chairman of Old Colony Hospice which serves the Brockton area.

This is a regular day meeting at 1:00 p.m. at the Congregational Church hall. Baby-sitting is available.

BOARD MEETING

A large board meeting (regular board plus all committee chairmen) will be held January 14th at the home of Kay Levine at 9:30 a.m. Please call Kay at 758-6942 or Norma Holt at 758-4986 if you cannot attend.

FINE ARTS GROUP will be meeting Monday the 18th at 8:00 p.m. at Mary Jean Blasdale's.

LITERATURE GROUP will meet at 9:30 a.m. on the 20th at the home of Susan Smith. Anyone needing transportation, please call Dorothy Brintnall, 758-3573.

"Ospreys at Westport"

On Thursday, January 14, the Dartmouth Natural Resources Trust will present a program that has been given wide acclaim: Gilbert and Josephine Fernandez' s slide show, "The Ospreys at Westport". It will be shown at the Dartmouth Middle School Auditorium on Hawthorn Street, North Dartmouth, at 8:00 p.m.

In 1969 their color slides for this show won the Journalistic Award in the National Convention of Nature Photo Essays sponsored by the Photographic Society of America, the couple later being invited to present their film at the Society's International Convention in New York City.

Also, in 1970 the Massachusetts Audubon Society presented its coveted Audubon "A" award to the Fernandez' for their "Ospreys at Westport".

Admission is free, and refreshments will be served.

From O.R.R.

The results of the 18th Annual Math Olympiad Exam were received by ORR with two seniors heading the list. Mike Xavier and Ben Sawyer from Mattapoisett scored 78 and 68 points respectively which placed them in the top 2% and 4% respectively of those 5,528 students taking the exam statewide. Both Mike and Ben will be receiving Certificates of Merit for their outstanding performances on the exam. Michael missed qualifying for the top 100 finalists by one point.

This was the first year that ORR has had two Certificate of Merit winners in recent memory. Congratulations to Mike and Ben.

MATHEMATICS LEAGUE

The results of the New England Mathematics League were recently received by Old Rochester Regional High School with the team from ORR ranked third in Plymouth County ahead of such schools as: West Bridgewater, Sacred Heart (Kingston), Marshfield, and Tabor. The ORR team is three points out of second place and five points out of first with four more meets this year.

Overall in the league ORR ranks 50th out of 177 schools throughout all New England.

Leading scorers for ORR this year have been: Ben Sawyer, Mike Xavier, Mika Suortii, and Allison Ripple.

CONFERENCE MATHEMATICS LEAGUE

The Old Rochester Regional High School Math Team, competing in the Southeastern Massachusetts Conference Mathematics League, currently ranks second in the southern division behind Dartmouth High School

tion of Leonard Atherton.

Son of Mr. and Mrs. Richard Macomber of Fairhaven, Curtis first studied locally with Mrs. Blanche Thuotte Moreau, then at New York's Juilliard School of Music where he earned his B.M., M.M., and D.M.A. degrees as a scholarship student of Joseph Fuchs. He made his Carnegie Hall debut in March 1979.

Winner of many awards, he was recently a top-prize winner in the Kennedy Center-Rockefeller Foundation Competition for the Performance of American Violin Music. In addition to teaching and his many appearances as recitalist and soloist here and abroad, he has recorded for Nonesuch, CRI, Opus I and Vanguard Records.

The NBSO will also perform Rossini's 'Ouverture to Semiramide' and Bizet's 'Carmen Suite No. 1'.

The event, which will take place through February 28, is headed by sportscaster Gil Santos, WBZ-TV, television voice of the Celtics, and is sponsored by Zayre.

Schools and basketball facilities will announce the time and location at which participating youngsters will be allotted a three-minute period to score as many baskets as possible. Contestants will solicit pledges for each basket scored, with the boy or girl raising the most money being declared the winner.

According to Santos, "The shoot-out is an event that allows boys and girls to have fun, win some great prizes and help disabled children at the same time."

Top prize is special tickets to the Boston Celtics-Phoenix Suns game on Sunday, March 14, as guests of Santos for the winner, his or her parents and coach. All participants receive a special shoot-out patch commemorating their participation.

Last year, some 6,000 youngsters took part in the event which resulted in $65,000 being raised to help the Society in its work with persons with disabilities.

Coaches and participants seeking more information about the Shoot-Out can contact the Massachusetts Easter Seal Society at

COM ELECTRIC & SEMASS SIGN
LONG-TERM CONTRACT TO PURCHASE POWER

Commonwealth Electric Company and SEMASS announced the signing of a long-term contract under which the utility will purchase power from a waste-to-energy facility being developed by SEMASS in southeastern Massachusetts at press conferences held in Boston and Rochester on January 6. State and local officials as well as representatives from the offices of Sen. Edward M. Kennedy, Sen. Paul E. Tsongas, and Cong. Gerry E. Studds attended.

The contract, which represents a commitment by Commonwealth Electric for over $250 million in power purchases over a 27-year period, is the first major agreement between a Massachusetts utility and a waste-to-energy facility under the guidelines of the federal Public Utilities Regulatory Policies Act (PURPA).

"Our customers are being hurt by the runaway cost of foreign oil, which is the major cause of rising electric bills," said R.F. MacDonald, COM/Electric Vice President. "Alternative energy sources are essential if we are to hold back price increases. The SEMASS project is a significant long-term alternative energy source that will help us do that."

SEMASS is a project of Energy Answers Corporation (EAC), Albany, New York. The plant will feature a waste-to-energy technology proven at successfully operating plants in Albany and Hamilton, Ontario, Canada. The plant, which will cost $124

million to build, will burn over 1300 tons per day of municipal garbage to generate 25 megawatts of electricity.

Bache Halsey Stuart Shields, Inc., New York City, is acting as investment banker and underwriter for the project.

In addition to providing an alternative energy source, the SEMASS project will greatly alleviate environmental problems in southeastern Massachusetts by substantially reducing landfill requirements in the area.

The project will also boost the area's economy through an estimated 300 construction jobs and 130 permanent jobs.

"Energy Answers recognizes the increasing burden on municipalities for the costs and handling of solid wastes," said John C. Lemery, EAC president. "We're working closely with the communities in our service area to provide them with an environmentally and economically sound long-term alternative to landfilling using solid waste as a fuel to generate steam and electrical energy."

According to Theodore P. Swick, senior vice president and manager of Bache's public finance department, SEMASS will be the largest privately-developed electricity-producing waste-to-energy project in the United States developed to date under PURPA.

"This is a totally commercial venture", said Swick. "The combined debt/equity financing we've designed requires no government debt obligation, no new government spending, no government payroll. In fact, the plant will make payment in lieu of taxes and create new jobs.

with SEMASS, a private developer is dealing with local governments and the electric utility strictly on a business basis, " said Swick. "SEMASS will provide cost-competitive waste disposal services and generate electricity. Neither the municipalities nor the utilities will have any responsibility for financing or operation. They will simply buy these services as they would any others."

EAC will design, build and operate the plant. Design is underway. The construction start is scheduled for the spring of 1982, with completion anticipated for 1984.

"We are pleased to have the opportunity to participate in this project," said COM/Electric's MacDonald. "We are constantly looking at load management approaches toward conservation and alternative energy technology."

Consultants involved in the development of the project with EAC include Smith & Mahoney, P.C., designers of the Albany, N. Y. plant; Gordon L. Sutin & Associates Ltd., designers of the Hamilton, Ontario plant;

Prepared Childbirth

Childbirth is an important life event to be eagerly anticipated, to be embarked upon with full awareness of the birth process, to be experienced with confidence and active participation, and to be recalled with joy.

It is the intent of B.A.C.E. Prepared Childbirth Classes to assist you in the realization of childbirth as an emotionally and physically satisfying experience.

Small, informal classes are taught in several locations on weekday and Sunday evenings by certified prepared childbirth instructors. Intensive preparation is couple oriented with specific training for the father, or a partner, as labor and delivery coach, so he/she may attend the birth of the baby.

The eight session series includes: short lectures, discussions and films on: anatomy, physiology and nutrition; stages of labor and delivery; emotional aspects of pregnancy and childbirth; understanding and reducing pain; patient's rights and responsibilities; medicaton and anesthesia; hospital procedures; parent-infant bonding; breastfeeding and principles of newborn care; adapting to motherhood and fatherhood; exercise periods on: limbering, stretching and strengthening; relaxation and breathing techniques; pushing and birthing techniques; comfort measures and support techniques.

The next series of B.A.C.E. Prepared Childbirth Classes will begin on Sunday,

Commemorative Service

The Community Planning Committee invites all area people to the 8th annual Martin Luther King Jr. Day Commemorative Service on Friday, January 15. The service will be held at the YWCA, 66 Spring Street, New Bedford, at 1:30 p.m.

The invocation will be given by the Rev. Manuel Chavier, pastor of the International Church of the Nazarene. Rita Clark-Chambers, Assistant to the Dean of Faculty for Academic Affairs at SMU, will be Mistress of Ceremonies. Mrs. Thomas Saunders, member of the YWCA Board of Directors, is keynote speaker.

Entertainment will be provided by the Children's Folk Group of Our Lady of Assumption Church, a solo by Mr. Jibrul Khazan, a performance by Tavares II, and selections by Douglass Memorial AME Zion Gospel Quartet. SMU Professor Everett Hoagland will give a poetry recitation.

Essay contest winners will be presented

MASSACHUSETTS SCHOOL SUPERINTENDENCY UNION NO. 55
January 8, 1982

PUBLIC NOTICE

TO: Students or residents planning to attend Bristol County Agricultural High School or Diman Regional Vocational School from the towns of Marion, Mattapoisett or Rochester:

According to regulations published by the Massachusetts State Department of Education, students or residents wishing to attend a non-resident vocational school, such as Bristol County Agricultural High School or Diman Regional Vocational School, must make known their intention to attend such a school before their town of residence adopts its budget for the following school year. Since budget adoption may occur in either February or March in Marion, Mattapoisett or Rochester, we are publishing this notice so that you will make known to the school authorities your intention to attend such a school for the 1982-1983 school year.

Parents of secondary school children planning to attend such a school should contact the school authorities. At the Old Rochester Regional High School, contact Mr. David S. Hagen, Principal, at 758-3745. At the Old Rochester Regional Junior High School, contact Mr. Robert C. Gardner, Principal, at 758-4928.

Post high school residents should make their requests in writing to the Superintendent of Schools, 135 Marion Road, Mattapoisett, Massachusetts 02739.

WINTER WALKING

The Plymouth County Wildlands Trust, a non-profit volunteer operated trust, invites members and friends to begin a new year with a walk at Conant Hill in Wareham and the Bruce Reservation in Rochester, on Saturday, January 16th, starting at 10:00 a.m.; meeting at the Decas School parking lot in Wareham.

Conant Hill, 23.4 acres of thickly grown woodland, was the gift of Dr. and Mrs. James Lincoln in 1977. It is a peninsula which lies between curves of the Weweantic River and is westerly bounded by Horseshoe Mill Pond, which is created by a dam. Ten feet lower the river continues towards Buzzards Bay and becomes brackish with a four foot tide. Its core is an Indian dump from which material has been excavated

and preserved in a museum in Attleboro.

The Bruce Reservation is 12 acres of beautiful woods, peppered with holly, ferns and yellow birch, peaking to a famous maple tree that has been a photographer's delight for many years, especially in the Fall. The reservation was a gift from Mrs. Carolyn Goodenough Bruce in 1976. The land has been in the possession of Mrs. Bruce's family since the early 19th century. It contains an esker which can be explored along a walking path.

Plymouth County Wildlands Trust was established in 1973 by a group of people realizing the importance of saving wildlands in their natural state for future generations. The trust holds land in several towns, including Plymouth, Kingston, Duxbury, Wareham, and Middleborough. Two attorneys handle the legal work of the trust. Public meetings are sponsored by the trust to provide landowners with ways to preserve their lands by a gift, or conservation restriction. Gifts are tax deductible. MATTAPOISETT PUBLIC MEETING

WATER POLLUTION CONTROL

The first of a series of public meetings on the recently started Mattapoisett Water Pollution Control Study will be held on Monday, January 18, 1982 at 7:30 P.M. on the second floor of the Town Hall.

The meeting will discuss the purpose of the study and explain how it will affect residents of Mattapoisett.

Basically, the study will investigate on-site septic tank problems; stream pollution problems; sewer expansions needs; and provide long range guidance on water pollution control for the community.

As a brief review, the 1978 and 1979 Water Pollution Control construction project involved the general downtown area of Mattapoisett. The on-going study will invólve the entire Town and address problems, possible solutions and future needs.

A major objective of the study is public involvement. Without input from Mattapoisett residents, the study will not be able to accurately address the problems and needs of the community.

During the first public meeting, the Board of Selectmen will introduce members of the Water Pollution Control Study Group who will assist the engineers, Tighe & Bond/SCI, in analyzing and studying the needs of the Town.

Without going into further detail, specific study objectives and goals can be reviewed in a brief report titled "Plan of Study" that is available in the Selectmen's office for review and scrutiny prior to the meeting date.

Additional publicity on the Water Pollution Control Study will be published in future months as the study progresses. However, everyone is welcome and encouraged to attend the first public meeting to see how the study may involve your area of the community.
